See what our clients have to say about us...

Switching to The Tarpey Group was one of the best moves I made for my company and myself. With their well trained staff they have taken much of the stress out of managing employee benefits. They listen to my needs and recommend products that will best fit my company. They handle any issues with the insurance companies for me and for my employees as well. It is always a pleasant experience to work with Suze, Michelle or anyone at the Tarpey Group.

Thank you for always being there for me.

Lynn Palladino, VP-CFO
The Center for Professional Advancement

Brian and his staff are heads and shoulders above the many insurance brokers I have coordinated with on behalf of clients. His attention to detail, critical thinking and concern for his clients is unparalleled. As health and other insurance-type benefits become more complicated to design and administer, brokers of Brian's caliber are essential to any employer.

The Tarpey Group consistently provides outstanding customer service to our not-for-profit school. Besides bringing a wealth of knowledge to us, Sue is also a most pleasant person to work with, she gets it and is totally engaged in the process - coming up with possibilities and solutions. Sue helps keep it simple for us, and that is very welcome at a time when we have so many competing needs! I recommend Sue and The Tarpey Group very highly!

The Children's Therapy Center

Brian and his company always provided top notch service and help when needed. It was always a pleasure to work with Brian because of his wealth of knowledge about insurance products and always came up with ideas that were helpful for our company. Brian's straight forward style easy to reach and always returned your call was always appreciated. I would highly recommend The Tarpey group for anyone looking for employee benefit products.

I spend so much of my day dealing with problems. Staff members and their health insurance used to be one of my least favorites. It is comforting (and a time saver) to know that Suzie and the Tarpey Group are always available to speak with my staff and handle these problems as they arise. One staff member actually called me to thank me for having them as our broker.

Chapel Hill Academy

Our agency has been associated with the Tarpey Group and Sue Risteski for the past 4 years and we are pleased with the level of service that Sue and her staff have provided. Sue has taken the time to get to know our agency and understands our benefit needs. She has been able to assist us with putting together a quality benefit package that we are proud to offer to our employees.

Our experience with The Tarpey Group has been excellent. We have been able to get the best coverage for our premium dollars, along with valuable guidance related to employee benefits. The Tarpey Group has helped us educate our employees and streamline the renewal process. Their responsiveness and attention to detail are unsurpassed. Changing brokers was a difficult decision but it's good to know we made the right choice!
